

The UN Launches 'The Global Goals' – A Blueprint for A United World

October 01, 2015

Economic Collapse Blog / Michael Snyder

Have you heard of “the global goals”? If you haven’t heard of them by now, rest assured that you will be hearing plenty about them in the days ahead.

On September 25th, the United Nations launched a set of 17 ambitious goals that it plans to achieve over the next 15 years. A new website to promote this plan has been established, and you can find it right here. The formal name of this new plan is “the 2030 Agenda”, but those behind it decided that they needed something catchier when promoting these ideas to the general population.

The UN has stated that these new “global goals” represent a “new universal Agenda” for humanity. Virtually every nation on the planet has willingly signed on to this new agenda, and you are expected to participate whether you like it or not.

Some of the biggest stars in the entire world have been recruited to promote “the global goals”.

If you live in New York City, you are probably aware of the “Global Citizen Festival” that was held in Central Park on Saturday where some of the biggest names in the music industry promoted these new “global goals”. The following is how the New York Daily News described the gathering...

It was a party with a purpose.

A star-studded jamboree and an impassioned plea to end poverty rocked the Great Lawn in Central Park as more than 60,000 fans gathered Saturday for the fourth-annual Global Citizen Festival.

The feel-good event, timed to coincide with the annual gathering of world leaders at the United Nations General Assembly, featured performances by Beyoncé, Pearl Jam, Ed Sheeran and Coldplay.

And it wasn’t just the entertainment industry that was promoting this new UN plan for a united world. Pope Francis traveled to New York to give the address that kicked off the conference where this new agenda was unveiled...

Pope Francis gave his backing to the new development agenda in an address to the U.N. General Assembly before the summit to adopt the 17-point plan opened, calling it

“an important sign of hope” at a very troubled time in the Middle East and Africa.

When Danish Prime Minister Lars Rasmussen struck his gavel to approve the development road map, leaders and diplomats from the 193 U.N. member states stood and applauded loudly.

Then, the summit immediately turned to the real business of the three-day meeting — implementation of the goals, which is expected to cost \$3.5 trillion to \$5 trillion every year until 2030.

Wow.

Okay, so where will the trillions of dollars that are needed to implement these new “global goals” come from?

Let me give you a hint – they are not going to come from the poor nations.

When you read over these “global goals”, many of them sound quite good. After all, who wouldn’t want to “end hunger”? I know that I would like to “end hunger” if I could.

The key is to look behind the language and understand what is really being said. And what is really being said is that the elite want to take their dream of a one world system to the next level.

The following list comes from Truthstream Media, and I think that it does a very good job of translating these new “global goals” into language that we can all understand...

Goal 1: End poverty in all its forms everywhere

Translation: Centralized banks, IMF, World Bank, Fed to control all finances, digital one world currency in a cashless society

Goal 2: End hunger, achieve food security and improved nutrition and promote sustainable agriculture

Translation: GMO

Goal 3: Ensure healthy lives and promote well-being for all at all ages

Translation: Mass vaccination, Codex Alimentarius

Goal 4: Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

Translation: UN propaganda, brainwashing through compulsory education from cradle to grave

Goal 5: Achieve gender equality and empower all women and girls

Translation: Population control through forced "Family Planning"

Goal 6: Ensure availability and sustainable management of water and sanitation for all

Translation: Privatize all water sources, don't forget to add fluoride

Goal 7: Ensure access to affordable, reliable, sustainable and modern energy for all

Translation: Smart grid with smart meters on everything, peak pricing

Goal 8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

Translation: TPP, free trade zones that favor megacorporate interests

Goal 9: Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation

Translation: Toll roads, push public transit, remove free travel, environmental restrictions

Goal 10: Reduce inequality within and among countries

Translation: Even more regional government bureaucracy like a mutant octopus

Goal 11: Make cities and human settlements inclusive, safe, resilient and sustainable

Translation: Big brother big data surveillance state

Goal 12: Ensure sustainable consumption and production patterns

Translation: Forced austerity

Goal 13: Take urgent action to combat climate change and its impacts*

Translation: Cap and Trade, carbon taxes/credits, footprint taxes

Goal 14: Conserve and sustainably use the oceans, seas and marine resources for sustainable development

Translation: Environmental restrictions, control all oceans including mineral rights from ocean floors

Goal 15: Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss

Translation: More environmental restrictions, more controlling resources and mineral rights

Goal 16: Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels

Translation: UN “peacekeeping” missions (ex 1, ex 2), the International Court of (blind) Justice, force people together via fake refugee crises and then mediate with more “UN peacekeeping” when tension breaks out to gain more control over a region, remove 2nd Amendment in USA

Goal 17: Strengthen the means of implementation and revitalize the global partnership for sustainable development

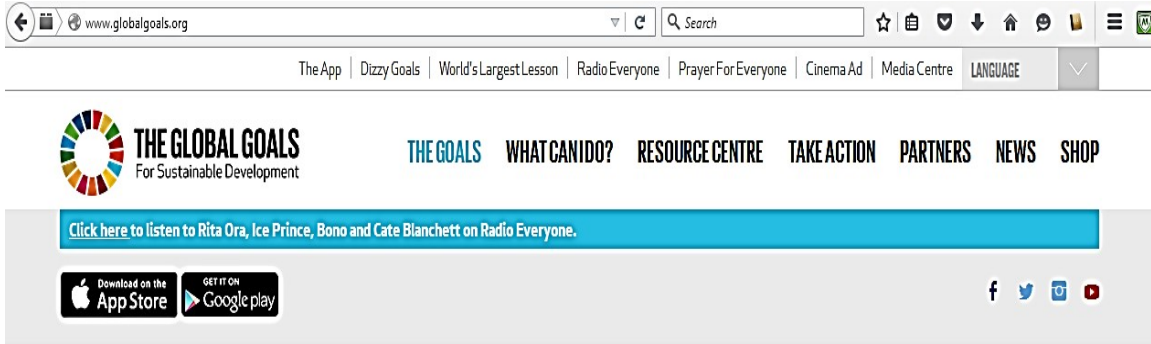

Translation: Remove national sovereignty worldwide, promote globalism under the “authority” and bloated, Orwellian bureaucracy of the UN

The more you dig into the details, the more you realize just how insidious these “global goals” really are.

The elite want a one world government, a one world economic system and a one world religion. But they are not going to achieve these things by conquest. Rather, they want everyone to sign up for these new systems willingly.

The “global goals” are a template for a united world. To many, the “utopia” that the elite

are promising sounds quite promising. But for those that know what time it is, this call for a “united world” is very, very chilling.

World Leaders have committed to 17 Global Goals to achieve 3 extraordinary things in the next 15 years. End extreme poverty. Fight inequality & injustice. Fix climate change. The Global Goals for sustainable development could get these things done. In all countries. For all people. If the Goals are going to work, everyone needs to know about them. TELL EVERYONE.

Commentary:

So I decided to check out (verify) Mr. Snyder's recent blog and it would appear that this UN initiative is indeed authentic.

And frankly I am assuredly not surprised at all!

So what do we think ... are humans ... is humanity the answer to the chaos which abounds throughout the globe?

Is humanity the solution to the world's woes ... is humanity the cure for humanity itself? Hmmm!

Naturally if you were to visit Truthstream Media you will find what appears to be one of numerous anti-establishment sites geared to providing unedited and unbiased news and commentary. And perhaps the thoughts of such so called rhetoric does not appeal to you and perhaps even more so makes you uncomfortable!

Now in spite of the fact that this commentator is not a "follower" of this site, it appears that Aaron and Melissa Dykes (the site's hosts) are simply part of a growing contingent of people that simply do not trust the powers that have been granted authority to rule ... and even less so the ability of the purported free press to report on same

Aaron and Melissa Dykes

Aaron Dykes and Melissa Melton Dykes created Truthstream Media.com as an outlet to examine the news, uncover the deceptions, pierce through the fabric of illusions, know the real enemy, unshackle from the system, and begin to imagine the path towards taking back our lives, one step at a time, so that one day we might truly be free...

So ... back to the point of all this ... "How long do we really think we have before the United Nations actually begins to achieve their humanitarian objectives?"

"How long do we think we have before humanity stops just believing it is G_D and formally takes over the job of being G_D?"

"How long will "we the people" sit back ... scurrying about to live our lives ... and just watch as the invisible and enigmatic powers that be ... just take over?"

Sadly the answers are already known ... sadly the constant drone of misinformation has already inundated the minds of the masses while the general disdain for governance and politics has left these same masses without any real desire to engage in a political process that is thoroughly corrupt and apparently useless.

Leaving us believers where?

"If they say behold ... there is Messiah over there ... do not go and follow! Many will come claiming to be your savior but there is only one that is your Savior ... Messiah Yeshua!"

Let us remain watchful children of G_D because it would appear that "nationalism" is giving way to globalism and the truth revealed to us by G_D points to a time when "all nations" will come against Israel ... when "all nations" will stand against G_D!"

To this commentator ... it sure would appear that global humanism would fit the bill of "all nations standing against G_D!" ... The clock is ticking!

Note: If you are wondering how this craziness ... this madness could possibly sneak up on people ... even purported believers, I would suggest that you downloaded and read "Exposing Mystery Babylon - An Attack On Lawlessness" from this website if you've not already done so!
