

# Morning Star

(Yochana the Psalmist)

Come Beloved – Wonder Morning Star  
Thou be so nigh – never too far  
Brought forth as first – as itself the very life  
Soulmate of ELOHIM – everything – child, word and wife

Tasked with the creation – making everything  
Designing oh so perfect – designing everything to sing  
Of the perfection ELOHIM is - and will always be  
The very light of humanity – seeing ELOHIM shine so brightly

When the Heavens did rebel - not liking holy servitude  
Going oh so far – mankind they did delude  
Oh Morning Star was asked - to lay down divine itself  
Go and save creation – soulmate they need Thy help

Oh Beloved Star – what perfect love was given  
Just so the creation – could be saved and go on living  
All sin and deep transgression – taken upon Thy back  
Thou emptied Thyself completely – deep into the black

Overcoming sin and becoming perfect love  
Thou reconciled creation – with ELOHIM above  
Becoming grace and mercy – right here in the flesh  
Oh Beloved Moring Star – G\_D and Thee are one nephesh

## Morning Star

(Yochana the Psalmist)

Perfect and so righteous – yes Thou are the Torah  
Also life unto Thyself – Thou are the great Yeshuah  
Given all authority – Thy portion among ELOHIM the great  
Beloved Morning Star – election’s wondrous fate

Beloved Morning Star – please do shine within  
Bring us back so far – to when it did begin  
Let us sing new song – yes a song made just for You  
Come quickly with the dawn – for Thee our love is true

Just as Thou was cleaved - from great ELOHIM  
Thou hast cleaved us as well – yes it surely seems  
With Thy perfect love – awakened in us deep inside  
Now we be soulmate too – in us Thou doth reside

We clamor for Thy glory – time to ride the light  
Time to come in power – time to come and fight  
Thy Bride great Moring Star – she be in distress  
We just can’t go on – without Thee we confess

We cry out to the dark – we cry to wake the dawn  
With new song that we sing – a new song we did spawn  
Inspired by Thy greatness – inspired by soulmate  
Inspired by Yeshuah – salvation’s life so great

## Morning Star

(Yochana the Psalmist)

Please listen to our voice and please do heed our string  
Come oh hurrying Lord – come oh saving King  
Thy soulmate doth await Thee – with a panting heart  
Save us Beloved Morning Star – as Thou planned right from the start

Who is named Pele – Who can be called true Wonder  
Only our Morning Star – You be the one we ponder  
Spreading soulmate love – just so children will believe  
Spreading soulmate love – to Brides who shall receive

Woman or man means little – in this great mystery  
Except to comprehend soul love – this cleaving and ecstasy  
For soul love goes so deep – love it be the key  
In understanding Morning Star – as His Majesty

Sing you brides do sing – the dawn you must awake  
Time to wake the Heavens – the Earth your song shall shake  
For with thy melody – and thy lovely string  
Soulmate of all creation do you surely bring
