

# 40 Days Of Night

Yochana the Psalmist

40 Days of repenting - beginning with an event  
Sun's light darkened - a sign from Heaven sent  
Issued to the seat - of global empire power  
The fragrance oh Egypt - it be worse than sour

Coincidence you say - this happens 40 days before  
Yom HaKippurim - let us look intently all the more  
Sound the shofars loud - each and every one  
Lets consider t'shuvah - repent before YESHUAH the SON

The days of awe be coming - let us kneel and pray  
Let us sing in hope - we won't get blown away  
Brief window has been opened - MERCY is HIS NAME  
Let us put on sackcloth - may we not be put to shame

Psalmist's heart be dreading - distraught is what I feel  
All the signs being given - don't you know that this is real  
40 Days to repent - before the books are closed  
40 days to get ready - let's not be naked - let's be clothed

Sun won't give its light - moon doth not appear  
If ever a time to consider - now be the time to hear  
Revelation signs appear - come Yom T'ruah days  
Think what is going on - consider the Maker's ways

## 40 Days Of Night

Yochana the Psalmist

Yes the cry has been raised - warnings in the past  
Soon the signs be ending - soon we reach the last  
Hour or day we know not - but seasons we should know  
Tis the season to cry out come YESHUAH - BO

Tell the unbelievers - oh please do sound alarm  
Tell the wavering family - we want to see no harm  
But choices must be made - the message must be sent  
Time to scoff at signs - or time to really repent

The day the darkness came - let Israel be clothed in light  
Judgment against the Mitzrayim - what a horrid sight  
The wise men say its normal - happens every now and again  
Psalmist says to raise the warning - time to warn a friend

Oh heavy heart be still - cease thy crying and thy pain  
Mercy comes to the elect - like wonderful summer rain  
Now it be the time - to sing a mercy call  
LORD of light please save us - Israel one and all

Psalmist again doth issue - Psalmist cries aloud  
Get down on thy knees - repent and don't be proud  
Coming from beyond the veil - judgment all around  
Please listen to G\_D's signs - listen to their sound

Wilderness days be here - let us find our way

## 40 Days Of Night

Yochana the Psalmist

Let us look on darkness - let us never say  
That G\_D HE did not warn - that G\_D HE did not foretell  
That G\_D HE did not ring - judgment's warning bell

Psalmist prays and begs - please open up heart and ear  
Psalmist's heart be heavy - for the unbeliever I fear  
Normal things might seem - normal again shall never be  
40 days of darkness - please do repent with me

Great MAKER hear this prayer - please don't turn away  
Let Psalmist's plea rise up - above the darkness on this day  
Let Beloved's call be heard - resounding from the lip  
Comes the biting darkness - upon non-repenting Egypt
