

Beloved In Arms

Yochana the Psalmist

This Psalmist calls out to Beloved in arms
Fear not the pending storm - you shall not come to harm
Order has been given and set is the seal
Oh yes - the 144,000 - believe - we are real

Yes like David in his gifted glory shall we sing
To awaken the very dawn with voice and string
Away darkness - away all the enemies that fight
Comes our Morning Star - ever so bright

Those Beloveds sleeping - rising up first upon great shout
Meeting Yeshua in the air - so glorious and stout
Then Beloveds alive chiming in with new tune
Oh can't you feel it - all this be so soon

Who hath a heart like David of old
Who hath been sealed - who hath been told
By messengers and anointing the truth is revealed
To even loved ones and friends this truth is concealed

Beloveds awaken there is so much to do
Search through eternity - this one calls out to you
Have you blessed and always do you give
Awaiting something so special - always do you live

Beloved In Arms

Yochana the Psalmist

There assuredly be Beloveds who appear to be base things
Nevertheless our G_D has ordained they shall sing
What Beloveds be in the realm beyond great rift
Is the revelation that they be elected's gift

Sealed to bless, call, protect and survive
As in the days of Noah those close will stay alive
Oh yes you will know of that special refuge place
You know it in soul - there be our LORD's face

Awaken Beloveds in arms - it is time
Look for it - G_D is sending out the sign
Truth be woven in soul before it did begin
You've felt it - now trust in HIM

Pray real hard for our prayer does G_D hear
Oh to Beloveds G_D is always so near
Just see the patterns - again and again they do play
Patterns in HIS WORD will show you the way

Is G_D's WORD alive - are you living as dreams
Do people tell you that you shine and beam
Are the broken and needy sent to you for relief
Are you special - can you help their grief

Beloved In Arms

Yochana the Psalmist

Do you experience the great wonders and signs
Does Torah pull your heart - do you walk a straight line
Have you been sifted from Babylon the great
Has your soul fluttered - considering such fate

All along has your heart been for others
Wanting to care for sisters and brothers
Humility always chasing such thoughts away
It's time to gird up - you be needed for that day

Don't let Nicolaitans stifle the new song
They be about order and themselves all along
Thinking that ministry always is G_D's will
Don't let be silent what inside has been instilled

G_D's selections and choices do confound the wise
Even believer's jaw shall drop when looking to the sky
For shepherds and he-goats will not be in favor
Leaving the unlikely - the ones G_D does savor

Chazak, chazak the end days do loom
Shortly we shall hear the LORD's wondrous boom
Time to gather close ones under wing
Time to nurture - time to sing

Beloved In Arms

Yochana the Psalmist

Call them Beloveds beckon them to safety
For they belong to the King of Majesty
Like all Beloveds - special blessing you be
Please listen to Yochana - please listen and see
