

Servant Resonance

Instructions given oh so long ago
To a talmidim our LORD did love so
Revealed that only servants like him could understand
The great Revelation from our LORD to man

What means this is the question that we ask
Who are the servants and what is the task
To begin we were told to shema and believe
The prerequisite before we can receive

Before anything - was revealed the path of the people
Oh how we did see the years and church steeple
Traveling a path defined millennia before
Until finally our LORD shall have it no more

Then and only then when the cup is up to the brim
Then and only then shall latter signs and judgment begin
Kicked off of course by a trumpet voice - a blast
Revealing the power - present, future and past

Then new resonance - new song did commence
24 Beloveds with their harps, prayers and incense
Prayers of the saints - crying worthy is our LORD
Only YESHUAH - from ABBA given special chord

Servant Resonance

Again resonance - commanding look this way and see
The coming of the riders and horses that shall be
And we know that they ride - when the event is marked and doth shake
The wrath of YESHUAH makes the Earth quiver and quake

Yet mercy in the midst of judgment yet again
Oh such mercy from the throne until the end
Comes the seal for the Beloveds - those anointed
For these days - such times are appointed

Then the seal of judgment - resonance it doth cease
Silence in Heaven - for Earth no more peace
For trumpets and horns doth blast out resonance
Bringing pain and anguish upon an Earth without repentance

Oh whoring mankind - bitter water test did fail
Infidelity to the Husband - as creation it doth pail
Defiling land and water - with thy lumination thou doth make
Look at what's been done - to ocean, rivers and the lakes

But sleep it doth continue - as in the days of Noah
Pundits looking hard - for a modern day Krakatoa
But still the days proceed - and the prophecy it doth flow
Truth be only revealed - to servants HE will show

Servant Resonance

Resonance to Resonance - sounded is the chord
Get ready people of Earth - coming is our LORD
Further things be along - judgment be on the way
Soon so many shall be wailing - crying out oy vey

Rise up knowing servants - doth no one hear the call
The great and wondrous surge - coming before the fall
Sealed ones must be ready - there must be more than one
Rise up Beloved sealed ones - tell them where to run

Time to prophesy again - yes many they shall hear
Little book has been eaten - time to get in gear
Resonance so sweet - honey on the tongue
Bitter resonance of message - the Earth will surely plunge

Oh resonate so lovely - Beloveds speak of love
Warning and the mercy - coming from G_D above
Oh elect return - repent and to YESHUAH run
Too late to escape the judgment - but find mercy in the Son

G_D doth speak to servants - a special resonance
All things do line up - nothing left to chance
Where be dreams and visions - signs up in the Heaven
Who doth listen now - for the resonance of the seven

Servant Resonance

Listen and obey - to the prophecies in the Book

Listen for messages from those - allowed to take a look

G_D told us long before - what would happen in these days

Revelation 12 be coming - who can know G_D's ways
