

Jerusalem, Jerusalem

Yochana the Psalmist

Jerusalem, Jerusalem - how we long for thee
Desperately awaiting - our YESHUAH to see
Oh such pain to see defilement upon the mount so sweet
Let it be gone LORD - make destruction complete

How easy it is to visualize the glory of the past
Oh come hurrying KING - oh please come at last
Come to THY resting place our Savior and LORD
Let us sing, praise and worship THEE with deep soul chord

From Mount Tzion THOU shall for a millennia reign
With iron rod - the nations -THOU shall restrain
Oh just to pass through those wonderful courtyard gates
I pray so for friends and I pray so for mates

Oh LORD THOU be the builder most great
Come rule from Jerusalem - it be THY fate
Come back to the scene of THY great victory event
Bless YESHUAH - gave us a chance to repent

Bring order LORD - come with THY LAW
Establish it firmly - mandatory for all
THY servants will dance and sing oh so loud
Oh YESHUAH - ABBA be so proud

Jerusalem, Jerusalem

Yochana the Psalmist

Send forth THY WORD - send it out so fast
Let the nations know - it forever will last
Stop the chaos LORD - please deliver peace
Make the hate and anger cease

Show the nations LORD how righteousness shall prevail
Uphold the servants' hopes - THOU will never fail
Let come truth and order to the land
Take Jerusalem LORD - into THY loving hand

If it be THY will please let servants witness
Let servants survive so that they can confess
LORD how THOU hast done it - there be no mistake
Come YESHUAH - please Jerusalem soon take
